

TOWN OF BASHAW

REQUEST FOR DESIGNATION OF ATV ROUTE

(We)(I) respectfully request the Town Board of the Town of Bashaw to designate the following road(s) as ATV route for the purpose of accessing current ATV trails.

Please describe in detail:

We further agree that:

- 1) The Township will determine and purchase the proper signage, and we are responsible for reimbursing the town for the entire cost of the signs, posts, and any related materials and any costs of installation which are incurred. This money is non-refundable should this route be closed.
- 2) No road is legal to ride until all signage is in place.
- 3) We are responsible for erecting, maintaining and replacing any missing or destroyed signs in the manner prescribed by the town.
- 4) Opening of this road is a privilege that can be rescinded at any time due to excessive complaints of joy-riding, noise, speed, road damage, disturbing night riding, etc.
- 5) We are responsible for contacting Digger’s Hotline. No signs will be installed until they have marked the area for underground lines.
- 6) We will make every effort to comply with State ATV laws (S. 23.33) and the Town of Bashaw 2010 ATV Ordinance, and encourage others who use this route to do so likewise.
