SET ANNUAL MEETING DATE: Motion by Taubman to keep the date per statute, second by Harrington. Motion carried.

Taubman discussed the winter operations and plowing for the 2024/2025 winter season. There have been some inquiries about why the roadways were not graded. The first date that they were graded was February 7. The goal is to get a snow pack on the gravel roads during the winter season as to maintain and retain the gravel that is already on the road.
